

NUO - SOFT WOOD, A REAL EVOLUTION!

NUO is as soft as leather and as smooth as fabric – completely animal-free and made of real wood. A sensation! The patented „soft wood“ already dresses first shoes, handbags and car seats, and launches now world-wide on the market.

Hold NUO in your hand and you will immediately be amazed by the pleasant feel and beauty of the material. It is surprisingly light and looks very luxurious, can be bent in all directions and is very soft. NUO is made of high-quality veneer that comes exclusively from sustainable forestry. The thin real wood is bonded with an environmentally friendly backing material, then the wood surface is engraved. The fine engraving gives the wood surface its flexibility. The backing material provides strength and ensures that NUO is easy to process. If desired, the material can be coated with a protective layer of wax or lacquer. This protective layer makes NUO resistant to dust and moisture (depending on the surface treatment used).

Six types of wood and four different engravings are currently available. All logs come from sustainably managed forests. The available sizes are 1250 mm x 620 mm, 1250 mm x 1240 mm, 2500 mm x 1240 mm. Significantly larger formats can also be produced on request, up to a length of 2800 mm and a width of 1240 mm.

The specific characteristics of NUO, such as flexibility, weight and thickness of the material, depend essentially on the type of wood used, the type of application, the substrate and the surface finish.

No VLabel certification for varnished and dyed material

NUO | COLLECTION AT A GLANCE

1 Natural Walnut

2 Natural Oak

3 Natural Ash

4 Natural Beech

5 Finline Walnut

6 Finline Light

All existing engravings are shown in the illustrations.
Color and grain per sheet may vary.

Wood species: Walnut, Oak, Ash, Beech, Fineline Walnut, Fineline Light
Dimensions: 2800 x 1240*, 2500 x 1240 mm, 1250 x 1240 mm, 1250 x 620 mm
Sheet thickness: approx. 0.75 mm - 0.85 mm | Pattern size: approx. 4 mm

Color and grain per sheet may vary.

*only on request and from a purchase quantity of 50 sqm

Wood species: Walnut, Ash, Beech, Fineline Walnut, Fineline Light
Dimensions: 2800 x 1240*, 2500 x 1240 mm, 1250 x 1240 mm, 1250 x 620 mm
Sheet thickness: approx. 0.75 mm - 0.85 mm | Pattern size: approx. 3 mm

Color and grain per sheet may vary.

*only on request and from a purchase quantity of 50 sqm

Wood species: Walnut, Oak¹, Ash, Beech, Fineline Walnut, Fineline Light
Dimensions: 2800 x 1240², 2500 x 1240 mm, 1250 x 1240 mm, 1250 x 620 mm
Sheet thickness: approx. 0.75 mm - 0.85 mm | Pattern size: approx. 2 mm

Color and grain per sheet may vary.

¹ The engraving on Oak is slightly different in size from the other wood species, therefore we designate it with the suffix M, e.g. TXM.

² only on request and from a purchase quantity of 50 sqm

Wood species: Walnut, Oak¹, Ash, Beech, Finline Walnut, Finline Light
Dimensions: 2800 x 1240², 2500 x 1240 mm, 1250 x 1240 mm, 1250 x 620 mm
Sheet thickness: approx. 0.75 mm - 0.85 mm | Pattern size: approx. 1.7 mm

Color and grain per sheet may vary.

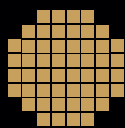

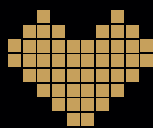

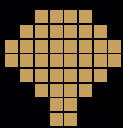

¹ The engraving on Oak is slightly different in size from the other wood species, therefore we designate it with the suffix M, e.g. T4M.

² only on request and from a purchase quantity of 50 sqm

NUO | MORE THAN A NEW MATERIAL

Wood is one of the most valuable products of nature. Each tree and each type of wood has its own characteristics, each veneer grain shows the traces of evolution. Carefully hand-picked veneer, passion for design and excellence in high-quality wood processing are the basis for an innovative material with an incredible softness, a luxurious look and an impressive texture. The result is NUO.
